PUBLISH YOUR STORY

So you wrote a story, what's next?

The journey from scribbles of a story to a published book is not as straightforward as it looks. Let this workshop shed some light on how to publish your story successfully.

Hidayah Amin is an award-winning author who has written six books and edited a book since 2010. Five of her books are published by Helang Books, the imprint of Archipelago Consultancy (her research consultancy business).

Maria Mahat is the author of *The Truth Seekers @ Haji Lane*, a fictional romance novella and co-author of several publications on business, entrepreneurship and empowerment. She is also the founder of Ungu Pen.

Masturah Sha'ari is the director of Maya Gallery. An accomplished designer, she has designed numerous publications including the award-winning *The Mango Tree*. She has also illustrated more than 10 books, and enjoys painting and writing occasionally.

In partnership with

Publish Your Story is a collaborative workshop between Maya Gallery, Helang Books and Ungu Pen. Organised by Maya Gallery, BOOK CLUB is a series of talks and workshops to encourage a culture of sharing of creative writing, reading and research.
